

Application No.: 10/828,793
Filing Date.: April 20, 2004

SUMMARY OF INTERVIEW

Attendees, Date and Type of Interview

Applicant's representative Donald Min conducted a personal interview with Examiner Shubo (Joe) Zhou on June 11, 2008.

Exhibits and/or Demonstrations

None

Identification of Claims Discussed

Claim 6

Identification of Prior Art Discussed

Akers et al., U.S. Patent Application Publication No. 2004/0017475 and Iliff, U.S. Patent No. 5,935,060

Proposed Amendments

Applicant proposed amendments and new features.

Principal Arguments and Other Matters

The amended claims present statutory subject matter. The references do not show all the features of the claims proposed, and particularly, Akers is not properly a prior art reference.

Results of Interview

Examiner Zhou agreed that the proposed amendments overcome the 101 rejection, and that Akers is not properly a prior art reference.
